

AP Racing Brake Pads manufactured in the UK have become a staple in offroad racing. Within the last few years, AP has successfully continued to develop the best brake pads for offroad racing application. A core group of WORCS racers has effectively pushed AP brake pads to the limit under extreme weather and track conditions. Whether it's the rain forest, pacific North West, or the dry silty sands of the western deserts, AP Brake Pads has met its goal to be the best for all terrains.
