DRD Titanium Exhaust

Titanium Race Exhaust

The DRD Titanium race system is designed for all riders. This system can be used in conjunction with a spark arrestor screen and quiet core insert. This exhaust (without a insert) meets all AMA sound requirements of 99db. And with the insert it will pass a 94db sound test. The Titanium header pipe assures you a complete system that offers the ultimate in performance and light weight.

The silencer can is constructed from rolled Titanium and the mounts are billet CNC machined. The internal

silencer core is stainless steel for increased durability. The end cap is 100% Magnesium and features a tuneable tip. No springs are used to hold the DRD system together. Titanium nuts are tack welded to the inside of the inlet cap for improved mounting strength.

This system can easily be re-packed by simply removing the screws at the front of the can. Just wrap new packing around the core and put it back together!

DRD titanium systems starting at \$779.95

Doug Dubach and factory mechanic Alan Olsen at the 2007 World Vet race held at Glen Helen Raceway. Doug dominated the weekend adding another title to his collection.

DRD Aluminum/Stainless Exhaust

Aluminum/Stainless Exhaust

The DRD Aluminum/Stainless race systems were designed for all riders and is without a doubt, the most durable system in the DRD line-up. This exhaust (without a insert) meets all AMA sound requirements of 99db. This system can be used in conjunction with a spark arrestor screen and quiet core insert (with the insert it will pass a 94db sound test). This exhaust system is available for all motorcycle and ATV model years that DRD manufactures.

DRD aluminum slip-on's starting at \$360.00
DRD aluminum systems starting at \$549.95

While slightly heavier than the Titanium and Carbon systems, the Aluminum/Stainless system offers the same performance as DRD's more expensive systems. This system can easily be re-packed by simply removing the screws at the front of the can. Just wrap new packing around the core and put it back together!

DRD Carbon Exhaust & Accessories

Carbon Fiber Race Exhaust

The DRD Carbon Fiber race systems were designed for riders who intend to race on closed course tracks only. This system, when freshly packed, meets the AMA sound requirement of 99db.

The Carbon Fiber system is available in two configurations. One offers a Titanium head pipe, and the other offers a Stainless Steel head

pipe. The Carbon exhaust system should not be run with a quiet insert. The Carbon Fiber construction requires special attention to the condition of the silencer packing for optimum performance.

This system can easily be re-packed by simply removing the screws at the front of the can. Just wrap new packing around the core and put it back together!

Racing is my passion, so when I put together this years NIKS Industries catalog my desire was to add some innovative new product lines that may otherwise, never be discovered.

When I'm at the races it seems everyone is running the same products. Some people may say "well it's because those things work". The fact is, a lot of dealers carry same products as the next dealer because they are all buying from the same distributor. In reality, there's a lot of great products out there that never make its way to the dealer's shelf.

Although NIKS Industries is a fairly new company, our parent company (L.A. Sleeve Co.) has over 63 years of motorcycle industry experience. We are in a unique position to be able to draw from their immense experience and offer some fantastic new products to our dealers.

Please take look through our 2008 catalog and think about offering your customers something different. There is new money to be made and new customers to earn. We feel confident that your customers will enjoy using these new products as much as we enjoy providing them. I have personally race tested all the products in this catalog and I assure you these products are genuine!

Mark Kalpakoff

VP Director, NIKS Industries

Terms and Conditions

Shipping:

All orders to shipping addresses located within the continental United States are shipped via UPS. Therefore, we do not ship to P.O. boxes. Special orders shipped via U.S. Postal Service will be subject to a surcharge. Please contact us if you find it necessary to make other shipping arrangements. We may be able to make accommodations for your special shipping requirements. Standard shipping charges apply to all orders.

Warranty:

Niks Industries warrants this product will be free from defects in material for thirty (30) days following the date of purchase. If the product is found by Niks Industries to be defective, such product will be, at Niks Industries option, be replaced or repaired at cost to Niks Industries. All products alleged to be defective must be returned to Niks Industries, postage pre-paid within the thirty (30) day warranty period.

This limited warranty does not apply to any product which has been subject to misuse, mishandling, misapplication, neglect, accident, improper installation, modification, or adjustments or repairs, performed by anyone other than Niks Industries.

The parties hereto expressly agree that the Purchaser's sole and exclusive remedy against Niks Industries shall be for repair or replacement of the defective product as provided in this limited warranty. This exclusive remedy shall not be deemed to have failed of its essential purpose as long as Niks Industries is willing and able to repair or replace defective goods.

This Limited warranty is in lieu of all other warranties, expressed or implied, including this merchantability or fitness for a particular purpose not expressly set forth herein. Any product which may be sold by Niks Industries but is not manufactured by Niks Industries is not warranted by Niks Industries, but sold only with warranties if any, of the manufacturer thereof.

Niks Industries liability (whether under the theories of breach of contract or warranty, negligence or strict liability) for its products shall be limited to repairing or replacing parts found by Niks Industries to be defective or at Niks Industries opinion, to refund the purchase price of such product. In no event shall Niks Industries be liable for incidental or consequential damages arising out of or in connection with the product. Consequential damages shall include, without limitation, Loss of use, income or profit, or losses sustained as the result of injury (including death) to any person or loss of or damage to property.

Any claim by Purchaser regarding this product shall be deemed waived by Purchaser unless submitted to Niks Industries within the (i) fifteen (15) days following the date Purchaser discovered, or by reasonable inspection should have discovered any claimed breach of this limited warranty, or (ii) thirty (30) days following the date of original purchase. Any cause or action for this breach of this limited liability warranty shall be brought within six (6) months from the date of the alleged breach was discovered or should have been discovered, whichever occurs first.

Returns:

Niks Industries will not accept any returned goods without prior authorization. No returns accepted after 30 days. Returned merchandise must be accompanied by the following:

- A return authorization number.
- Display number on outside of carton
- A copy of original invoice
- A letter of explanation

Merchandise must be returned freight prepaid. Shortages and discrepancies must be reported with in 15 days of invoice date. Refused orders and/or unwarranted returns shall be subject to a 25% restock fee. No credit is given for returns that are not in original condition, or if any parts of a kit are missing.
